muay thai moves muay thai footwork feinting amp defensive

May 24th, 2020 - stepping is the ultimate secret of muay thai footwork similar to super quick sliding where you do at least two or more quick slides to evade the ining attack or shorten the distance it can be done forward backward 45 degrees forward 45 degrees backward and sideways for example

you can do two or three steps forward to deliver a front diagonal kick or you can do two quick steps 45"add

western boxing to muay thai boxing

May 31st, 2020 - yes boxing can work with muay thai however you will obvious need to apply some adjustments such as standing more square on so you can block and deliver kicks the standard muay thai stance as opposed to square stance is more similar to the boxing stance focusing more on parrying punches and pivoting rather than ducking weaving and bobbing unless up against the rope'

'the secret to great muay thai padwork in thailand get June 4th, 2020 - the secret to great muay thai padwork in thailand working on your improvised teeps and footwork with these guys can be good since they don t really have to hold for those it also turns it into a game and takes away the stress of figuring out what to try to do with you'

'how to get good at muay thai black belt magazine June 3rd, 2020 - practicing body kicks helps you develop better footwork and in muay thai footwork is everything if you bee better on your feet and have that primary weapon everything else will follow gong said the straight knee thrust is another mainstay of muay thai it s usually executed when your opponent is rushing toward you'
