'why you should observe your students
more smart

May 25th, 2020 - when your central task
during independent work time is to
observe rather than moving from one
student to the next reteaching what you
taught to the entire class minutes
earlier you ll find that few will
misbehave so directly and blatantly in
front of you your students will bee
tenaciously independent''pedagogical
narration what s it all about

May 23rd, 2020 - invites children to bee
more deeply involved in their play and
their engagement with materials and it
gives educators time to slow down and
observe reflect on how you spend your
time as educators we often get caught up
in monitoring behaviour reminding
children about rules and giving
instructions stepping away'

**'how self reflection gives you a happier
and more**

May 21st, 2020 - what is self reflection
self reflection is defined as meditation
or serious thought about one s character
actions and motives it s about taking a
step back and reflecting on your life
behavior and beliefs a few years ago i
had the pleasure of hearing triathlete
craig crowie alexander speak at a
conference in sydney australia craig is a
five time ironman world champion
and''**optics why does a window bee a
mirror at night**

May 23rd, 2020 - now during the night
there is little or no light ing from the
outside so the majority all of the light
you see is due to reflection so you see
the reflected image now an interesting
question is if the reflected image has
the same intensity in both cases why do
you see it in one case and not see it in
another''**why self observation is the
skill of the future adobe 99u**

May 26th, 2020 - why self observation is
the skill of the future since that time
self observation and contemplation have
bee core principles of my leadership
style it s not always easy especially in
the fast paced world we live in and take
a moment to observe yourself'
