'a chapter a day association of book reading with

May 24th, 2020 - considering that 87 of book readers read fiction national endowment for the arts 2009 it is likely that most of the book readers in our study were

reading fiction this study found that those who read books for an average of 30 min per day say a chapter a day showed a survival advantage pared to those who did not read books'

' **longevity**

May 30th, 2020 - the word *longevity* is sometimes used as a synonym for life expectancy in demography however the term *longevity* is sometimes meant to refer only

to especially long lived
members of a population
whereas life expectancy is
always defined statistically
as the average number of
years remaining at a given
age for example a population
s life expectancy at birth is
the same as the average age'
