Being able to slow
your car down at the
track or the street
is very important
more so if you have
increased the power
output of your
Mustang At the 1 4
mile it is probably
not as important but
if you ever go Road
Racing you will
notice how fast the
stock brakes on your
94 98 Mustang fade
as if' '**EGR delete

delete Hi I want to
delete my egr valve
but im not sure what
i need to disconnect
or plug up i am
going to leave it
attached to my
intake but it wont
be functional so
what do i need to do
to make this work
thank you for your
time Ben'*
