# Aoac International 17th Edition Method 986 13

*Simple Reliable HPLC Analyses of Organic  
Acids*

## **Simple Reliable HPLC Analyses of Organic Acids**

May 1st, 2018 - Commonly used organic acid methods e g AOAC method 986 13 depend on reversed phase HPLC and C18 columns however these columns are vulnerable to phase collapse when used with the aqueous mobile phases necessary for optimal organic acid analysis'
