'5 best band saws june 2020 bestreviews

June 2nd, 2020 - as a guide we would expect to see 2.5 to 3.5 amp motors on 8 to 10 inch band saws above that you're more likely to see horsepower quoted with 1 hp sufficient for band saws of 12 to 14 inches and increasingly large motors thereafter though there are always exceptions even the largest band saws seldom have motors more powerful than 3 hp'

'wood bandsaw

May 29th, 2020 - i purchased the powertec bs900 band saw for a garage workshop and for my purposes this product is just what i expected the band saw runs flawlessly and makes all the cuts required for this light duty use the motor is a little underpowered but if you let the saw cut at its own rate it will do a good job'
