May 15th, 2020 - konzerthaus blaibach  
community projects don't do much bolder  
than peter haimel's new granite clad  
konzerthaus in the heart of the small  
bavarian village of blaibach it was  
designed for the kulturwald a non profit  
foundation set up to bring in cultural  
events and the 200 seater  
subterranean concert hall with its  
faceted concrete walls that create near  
perfect acoustics now hosts "**architonic**  
**our newsletter**

**May 21st, 2020 - against the  
backdrop of a somewhat belated  
increase in the awareness and  
practice of acoustic planning in  
architecture the non plus ultra of  
building types where sound takes  
centre stage has been given fresh  
creative expression by a number of  
architects internationally the concert  
hall whose very raison d'être is the  
optimised conveyance and  
consumption of sound is  
undergoing a'**
