Mphasis Launches New AI Solutions on the AWS Marketplace

December 16th, 2019 - ProNewsReport Editorial New York City Oct 4 2019 Issuewire com ? Mphasis BSE 526299 NSE MPHASIS an Information Technology IT solutions provider specializing in cloud and cognitive services today announced the availability of new Deep Learning algorithms on Amazon Web Services AWS Marketplace for Machine Learning' **'DeepInsights Mphasis Home**

December 26th, 2019 - *By re defining nearly every aspect of inferencing and decision making it is revolutionizing the competitive differentiation of enterprises DeepInsights? is powered by state of the art algorithms in machine learning neural networks deep learning semantics image analytics graph theory predictive analysis and natural language processing'*

'Robotic Process Automation for Developers Video

February 27th, 2019 - The future of work is here digital workforces RPA solves a major software integration problem by automating at the presentation layer Robotic Process Automation is the automation of repetitive and rule based human tasks working with software applications at the User Interface layer This course'

'Mphasis Launches New AI Solutions on the AWS Marketplace

November 5th, 2019 - New York City Oct 4 2019 Issuewire com ? Mphasis BSE 526299 NSE MPHASIS an Information Technology IT solutions provider specializing in cloud and cognitive services today announced the availability of new Deep Learning algorithms on Amazon Web Services AWS Marketplace for Machine Learning' **'DEEPINSIGHTS Trademark Serial Number 87241510 Justia**

November 23rd, 2019 - Filed in November 18 2016 the DEEPINSIGHTS covers Computer software platforms for cognitive business enterprise decision making by conducting deep analysis of structured and unstructured data sources downloadable cloud computing software that leverages natural language processing machine learning pattern recognition neural networks'

'AWS Marketplace Search Results

December 6th, 2019 - DeepInsights is a cloud based cognitive computing platform that offers data extraction and predictive analytics capabilities The platform provides industry agnostic innovative Deep Learning solutions combined with Image Analytics Natural Language Processing NLP and Machine Learning' *Mphasis? DeepInsights? Wins AIConics Best Application of*

December 21st, 2019 - Mphasis? DeepInsights? is a cognitive intelligence platform that enables enterprises to have faster and more effective access to insights from data The platform is powered by state of the art algorithms in machine learning neural network deep learning graph theory predictive analysis and natural language processing'

'*Here?s How Mphasis Next Labs created its cognitive*

December 28th, 2017 - Here?s How Mphasis Next Labs created its cognitive computing platform DeepInsights DeepInsights is powered by the state of the art algorithms in machine learning deep learning semantics image analytics graph theory predictive analysis and natural language processing DeepInsights is built using R Python Tesseract Keras' **Mphasis Awarded U S Patent for its Artificial**

September 18th, 2019 - NEW YORK Sept 18 2019 PRNewswire Mphasis bse 526299 nse MPHASIS an information technology solutions provider specializing in cloud and cognitive services announced today that it has been granted a U S patent for its artificial intelligence AI system for tracking managing and analyzing data from unstructured data sources'

'**Intel® AI Builders ? Solutions Catalog Mphasis DeepInsights**

November 24th, 2019 - By turning nearly every aspect of inferencing and decision making it is revolutionizing the competitive differentiation of enterprises DeepInsights is powered by state of the art algorithms in machine learning neural network deep learning semantics image analytics graph theory predictive analysis and natural language processing'

'**Mphasis DeepInsights? Wins AIConics Best Application of**

October 4th, 2017 - NEW YORK Oct 4 2017 PRNewswire Mphasis BSE 526299 NSE MPHASIS a leading IT solutions provider specializing in cloud and cognitive services today announced that its DeepInsights? platform won the AIConics Award for Best Application of AI in Financial Services at the AI Summit in San Francisco' **Mphasis Directors Report Mphasis Director Details The**

May 9th, 2018 - DeepInsights? is a cognitive intelligence platform that enables enterprises to harness insights from data State of the art algorithms in machine learning neural networks deep learning semantics image analytics graph theory predictive analytics and natural language processing power the platform' **Mphasis earns US patent for AI system**

December 5th, 2019 - Mphasis earns US patent for AI system Custom Search emails consumer complaints and social media The patented system uses Natural Language Processing NLP algorithms to process the data at real time The patented algorithms have been integrated as part of Mphasis? NextLabs solutions such as machine learning and deep learning'

'**Prashant Patil Associate Engineer Mphasis LinkedIn**

December 5th, 2019 - About Experienced Associate engineer with a demonstrated history of working in the information technology and services industry Skilled in Python Programming Language machine learning Natural Language Processing NLP and deep learning'

'Mphasis launches AI solution on AWS marketplace

July 30th, 2019 - Mphasis announced the availability of new deep learning algorithms on Amazon Web Services AWS marketplace for Machine Learning The on demand solutions target practical enterprise use cases such as influence analytics insurance claims analysis payment card fraud and image analytics for supply chain and logistics'

'Abinaya Mahendiran Assistant Manager Mphasis LinkedIn

December 17th, 2019 - View Abinaya Mahendiran's profile on LinkedIn Currently working as an Assistant Manager in DeepInsights team of Mphasis NextLabs Machine learning amp Deep Learning enthusiast who loves to experiment with data Deep Learning and Natural Language Processing Researcher Ex Cisco Assistant Manager at Mphasis'

'PDF Teaching Natural Language Processing NLP Using

December 25th, 2019 - Teaching Natural Language Processing NLP Using Ontology Based Education Design Natural Language Processing NLP As the number of labeled snippets increases deep learning models can be trained and used to annotate code snippets with high accuracy View Show abstract'

'Mphasis Reimagining Businesses in 2019 WSTA

December 19th, 2019 - They are being used to solve complex problems ranging from pattern recognition computer vision and natural language processing to robotics and semantic web technology Further applications of machine learning like chatbots are even being delivered as off the shelf solutions Hyper personalization is the way forward'

'Data Analytics amp AI Intel® Optimized Software Bringing New

December 15th, 2019 - At the heart of the Mphasis approach to enterprise analytics is DeepInsights a cognitive intelligence platform that combines state of the art algorithms in machine learning neural networks deep learning semantics image analytics graph theory predictive analysis and natural language processing With this combination of'

'Mphasis Awarded US Patent for its Artificial Intelligence

October 31st, 2019 - The patented system uses Natural Language Processing NLP algorithms to process the data at real time The patented algorithms have been integrated as part of Mphasis NEXTLabs solutions such as HyperGraf™ a comprehensive feature rich business intelligence and analytics solution as well as DeepInsights™ a cognitive intelligence platform which enables enterprises to gain faster and'

'Mphasis Launches New AI Solutions on the AWS Marketplace

December 13th, 2019 - Mphasis an Information Technology IT solutions provider specializing in cloud and cognitive services announced the availability of new Deep Learning algorithms on Amazon Web Services AWS Marketplace for Machine Learning'

'Mphasis sets up Center of Excellence for Cognitive

April 11th, 2018 - We have a great partner in IIIT B and together we are committed to building the first of its kind cognitive computing center focusing on machine learning deep learning natural language processing sensors and augmented reality ? said Nitin Rakesh Chief Executive Officer and Executive Director Mphasis'

'Mphasis Next Labs develops cloud based cognitive computing

December 18th, 2017 - Mphasis Next Labs develops cloud based cognitive computing platform DeepInsights is powered by the state of the art algorithms in machine learning deep learning semantics image analytics graph theory predictive analysis and natural language processing DeepInsights is built using R Python Tesseract'

'Mphasis Launches New AI Solutions on the AWS Marketplace

October 4th, 2019 - Oct 04 2019 IssueWire via COMTEX New York City Oct 4 2019 Issuewire com Mphasis BSE 526299 NSE MPHASIS an Information Technology IT solutions provider specializing in cloud and cognitive services today announced the availability of new Deep Learning algorithms on Amazon Web Services AWS Marketplace for Machine Learning'

'Mphasis Awarded U S Patent for its AI System for

November 20th, 2019 - Mphasis an Information Technology solutions provider

specializing in cloud and cognitive services announced that it has been granted a U S patent for its Artificial Intelligence AI system for tracking managing and analyzing data from unstructured data sources'

'Rajendrakumar Mishra « DataHack Summit 2018

November 22nd, 2018 - He has previously worked in Smart Assistant and Chatbot domain and Automated Digital Content Generation His area of expertise includes Machine Learning Deep Learning Natural Language Processing and Image Processing He holds an M Tech in IT from International Institute of Information Technology Bangalore He is a vivid blogger and poet'

'Mphasis Awarded US Patent for its Artificial Intelligence

October 20th, 2019 - YorkPedia Editorial New York City Sep 28 2019 Issuewire com ?

Mphasis BSE 526299 NSE MPHASIS an Information Technology solutions provider specializing in cloud and cognitive services today announced that it has been granted a U S patent for its AI system for tracking managing and analyzing data from unstructured data sources'

'KPMG US hiring Sr Associate Natural Language Processing

December 22nd, 2019 - Minimum of two years of experience leading work streams with at least two data scientists engineers and other data amp analytics professionals including innovation quality management utilizing analytics and software development processes for natural language processing machine learning on unstructured data and or information retrieval'

'Mphasis sets up CoE for cognitive computing with IIIT

April 11th, 2018 - IT firm Mphasis today said it has partnered with International Institute of Information Technology Bangalore IIIT B to set up a centre for cognitive computing The centre will focus on applied research with relevance for society and enterprises deep learning natural language processing' 'NLP using JavaScript Natural Library

December 19th, 2019 - Natural Language Processing using JavaScript Language Processing using Natural JavaScript Node Library Aniruddha Chakrabarti AVP and Chief Architect Digital Mphasis audio video ? Predictive Analytics Deep Learning Neural Nets ? OCR Speech recognition Text to speech Face recognition Video analysis'

'AWS Marketplace Mphasis DeepInsights Card Fraud Analysis

December 2nd, 2019 - Product Overview DeepInsights is a cloud based cognitive computing platform that offers data extraction and predictive analytics capabilities The platform provides industry agnostic innovative Deep Learning solutions combined with Image Analytics Natural Language Processing NLP and Machine Learning' **'Mphasis Directors Report Mphasis Reports by Directors**

December 24th, 2019 - DeepInsights? is a cognitive intelligence platform that enables enterprises to harness insights from data State of the art algorithms in machine learning neural networks deep learning semantics image analytics graph theory predictive analytics and natural language processing power the platform'

'Mphasis Awarded U S Patent for its Artificial

November 28th, 2019 - Mphasis Awarded U S Patent for its Artificial Intelligence AI The patented system uses Natural Language Processing NLP algorithms to process the data in real time The patented algorithms have been integrated as part of machine learning and deep learning'

'Mphasis DeepInsights? Wins AIconics Best Application of

December 26th, 2019 - Mphasis? DeepInsights? is a cognitive intelligence platform that enables enterprises to have faster and more effective access to insights from data The platform is powered by state of the art algorithms in machine learning neural network deep learning semantics image analytics graph theory predictive analysis and natural language'

'Applications of AI ML in Automated Code Generation from

November 28th, 2019 - He has previously worked in Smart Assistant and Chatbot domain and Automated Digital Content Generation His area of expertise includes Machine Learning Deep Learning Natural Language Processing and Image Processing He holds an M Tech in IT from International Institute of Information Technology Bangalore He is a vivid blogger and poet'

'Mphasis launches AI solutions on Digitalisation World

December 17th, 2019 - Mphasis has announced the availability of new Deep Learning algorithms on Amazon Web Services AWS Marketplace for Machine Learning The on demand solutions target practical enterprise use cases such as influence analytics insurance claims analysis payment card fraud and image analytics for supply chain and logistics'

'Mphasis Introduced Deep Learning Algorithms for Amazon Web

December 21st, 2019 - The availability of Mphasis new Deep Learning algorithms on Amazon Web Services AWS Marketplace for Machine Learning is combined with AWS Machine Learning services help users simplify data experimentation formulate deeper insights from disparate sources across their data estate and foster new levels of productivity and efficiency for a'

'Mphasis DeepInsights? Wins AIconics Best Application of

October 4th, 2017 - NEW YORK Oct 4 2017 PRNewswire Mphasis BSE 526299 NSE MPHASIS a leading IT solutions provider specializing in cloud and cognitive services today announced that its DeepInsights? platform won the AIconics Award for Best Application of AI in Financial Services at the AI Summit in'

'Mphasis Launches New AI Solutions on the AWS Marketplace

July 30th, 2019 - NEW YORK July 30 2019 PRNewswire Mphasis BSE 526299 NSE MPHASIS an Information Technology IT solutions provider specializing in cloud and cognitive services today announced the availability of new Deep Learning algorithms on Amazon Web Services AWS Marketplace for Machine Learning' 'Mphasis Launches New AI Solutions on the AWS Marketplace

December 12th, 2019 - Mphasis Launches New AI Solutions on the AWS Marketplace for Machine Learning Stocks BOM 526299 release date Jul 30 2019'

'Deep Learning in Natural Language Processing Mphasis

December 24th, 2019 - Deep Learning in Natural Language Processing Ashutosh Vyas Assistant Manager Mphasis NEXTlabs 2 Abstract Deep learning has emerged as a highly efficient technique in machine learning to perform text analytics which includes text classification text sequence learning sentiment'

'Mphasis Launches New AI Solutions on the AWS Marketplace

December 10th, 2019 - Bloomberg the Company amp Its Products Bloomberg Anywhere Remote Login Bloomberg Anywhere Login Bloomberg Terminal Demo Request' 'Mphasis Awarded U S Patent for its Artificial

September 18th, 2019 - These solutions are some of Mphasis latest offerings focusing on emerging paradigms of innovation such as artificial intelligence machine learning and deep learning In rapidly shifting markets companies need to adapt futuristic system and methods to recognize critical data as quickly and efficiently as possible said Nitin Rakesh Chief Executive Officer and Executive Director Mphasis'

'Mphasis Awarded US Patent for its AI System for Cognitive

December 5th, 2019 - Mphasis an information consumer complaints and social media The patented system uses Natural Language Processing NLP algorithms to process the data in real time The patented algorithms have been integrated as part of Mphasis? NextLabs solutions such as HyperGraft™ machine learning and deep learning'

'Mphasis Unveils Its Deep Learning Algorithms on Amazon Web

July 31st, 2019 - Mphasis an Information Technology IT solutions provider which

specializes in cloud and cognitive services recently announced the availability of its latest Deep Learning algorithms on Amazon Web Services AWS Marketplace for Machine Learning' 'Machine Learning Engineer NLP Deep Learning Jobs in December 23rd, 2019 - Apply to Machine Learning Engineer NLP Deep Learning 23098904 Jobs in Hyderabad at AI Product Based company Find related Machine Learning Engineer NLP Deep Learning jobs in Hyderabad 2 6 Years of Experience with Machine Learning NLP Deep Learning Python Computer Vision MongoDB Java Spark C C skills' 'Mphasis NEXTLabs MphasisNEXTLabs Twitter
