'why forage university of New Mexico Press

*April 20th, 2020 - what bees clear is that hunter gatherers continue to forage because the economic benefits of doing so are high relative to the local alternatives and perhaps more importantly because the social costs of not foraging are prohibitive in other words hunter gatherers value the social networks built through foraging and sharing more than the potential marginal gains of a new mode of subsistence"***hunter gatherers the last half**

April 22nd, 2020 - the foraging spectrum diversity in hunter gatherer lifeways by Robert I Kelly describes the broad diversity found among gatherer hunter societies for an overview of the book's material see the very thorough and excellently written review by I Miller an excerpt appears below followed by a link to the complete review'
