STRESS ANALYSIS OF 27 SCALE MODEL OF AH 64MAIN ROTOR HUB

July 2nd, 2018 - The angle 6754° of the dampers relative to the 1 axis produces a transverse inplane reaction R_{02} where $R_{02} = R_{01} \tan 6754^\circ$ The summation of forces in the 2 direction yields the transverse reaction"**Vol 3 Issue 8 August 2014 Study of Stresses and Loads**

July 5th, 2018 - Lug Joint By Varying Material Combinations Melcon and F M Hoblit and summarized in Reference 2 and 3 addressed prior anticonservative assumptions"The fatigue of aircraft structures ScienceDirect

July 13th, 2018 - Current procedures for fatigue design and for fatigue life estimation substantiation and monitoring of aircraft structures are reviewed Major gaps in the present state of knowledge are identified and further research directed towards filling these gaps is discussed'

'The fatigue of aircraft structures ScienceDirect

July 13th, 2018 - Current procedures for fatigue design and for fatigue life estimation substantiation and monitoring of aircraft structures are reviewed Major gaps in the present state of knowledge are identified and further research directed towards filling these gaps is discussed'

'Lifting Lug Design Spreadsheet Kezar Engineering

July 13th, 2018 - Among the methods available to calculate the lifting lugs This method follows closely with the methods presented in Melcon amp Hoblit and Kezar Engineering'

'lugs and shear pins Aircraft engineering Eng Tips

July 8th, 2018 - Developments in the Analysis of Lugs and Shear Pins M A Melcon and F M Hoblit Volume 24 Number 6 pages 160 170 June 1953 and Analysis of Lugs and Shear Pins Made of Aluminum and Steel Alloys F P Cozzone M A Melcon and F M Hoblit Volume 21 Number 5 pages 113 117 May 1950 I ve attempted a search on the web with no luck"Lug Analysis MechaniCalc

July 12th, 2018 - A lug also known as a lifting lug or a padeye is essentially a plate with a hole in it where the hole is sized to fit a clevis pin Lugs are used in combination with clevis pins to transmit load between different mechanical components'
