string quartet shostakovich
May 18th, 2020 - posers have
always reserved the
expression of their deepest
most personal feelings for
the string quartet beethoven
es to mind and more recently
alban berg janáček and of
course shostakovich whose 15
quartets are an opaque
frequently encoded almost
autobiographical outpouring
of the public and private
agony endured by the creative
artist under totalitarianism'
'parts soli three pieces for
string quartet elliott
May 7th, 2020 - soli is
somewhere between a

collection of three
independent pieces and a
three movement string quartet
to borrow a metaphor from
electrical circuitry the
three pieces are connected
not in series but in parallel
that is they constitute three
responses to the same
positional problem rather
than a single narrative'

'cellos musician s friend

May 26th, 2020 - posers within the string quartet form must achieve an equal distribution of roles rather than having the cello reside in a mostly harmonizing and support function to the violins absent the explosion of percussion the bombast of brass and the wash of woodwinds that human sound of strings is revealed in all of its joy and anguish in a good string quartet position'
