## **Fibre reinforced plastic tanks and vessels Wikipedia**

May 9th, 2018 - Dual  
Laminate Due to the  
corrosion resistant  
nature of FRP the tank  
can be made entirely  
from the composite or  
a second liner can be  
used In either case the  
inner liner is made  
using different material  
properties than the  
structural portion  
Hence the name dual  
meaning two and  
laminate a word  
commonly used for a  
layer of a composite'
