### 'touching the void quotes

June 1st, 2020 - to describe touching the void  
as a mountaineering documentary would be to do  
this breathtaking drama an injustice by  
intercutting narration from the climbers  
themselves with a nail biting reconstruction of  
their remarkable adventure in the peruvian  
andes the film has the best of both genres the  
authentic stamp of factual storytelling and the  
edge of the seat tension of a dramatic  
movie''98 best touching the void images fighter
