May 23rd, 2020 - ruin and rising
is a reasonably satisfying
conclusion to the grisha trilogy
in my opinion the ending was
somewhat anticlimactic i was left
a little disappointed it was a
good and logical ending though as
to the way the story developed in
the third book it was
excellent''*rise to ruins on steam*

May 25th, 2020 - about this game
rise to ruins is at heart a
godlike village simulator but it
also throws in plenty of familiar
game play mechanics from classic
real time strategy and resource
management games like *black and*
white settlers *actraiser* and many
others it also throws in some
twists by melding in some tower
defense and survival elements in
an attempt to create a new kind
of godlike village'
